**CANARA
ENGINEERING
COLLEGE**

Ammembal Subba Rao Pai
(1852-1909)
Founder Canara Institutions

Canara Engineering College is a well-known and highly respected institution located in Karnataka, India. It is a prominent member of the Canara Group of Institutions, which was founded by the esteemed Ammembal Subba Rao Pai. Along India's western coast, Canara Engineering College has made a name for itself as a centre of excellence for education, research and development in science, engineering, and technology.

The campus boasts an eco-friendly environment, surrounded by lush flora and state-of-the-art facilities. These amenities are conducive to the overall growth and development of students, enabling them to excel not only in academics but also in extracurricular, co-curricular, and sporting activities.

Over the years, Canara Engineering College has produced over 7000 graduates in various fields, including electronics and communication engineering, mechanical engineering, and computer science and engineering. These alumni have achieved great success in their respective fields, working as scientists, technologists, managers, and entrepreneurs across India and around the world. Their achievements have not only brought pride to CEC but have also significantly contributed to the development of the nation and the advancement of industry globally.

FACULTY

CEC is proud to have an excellent faculty that is highly dedicated and committed to providing quality education to its students. The faculty members are experts in their respective fields and possess vast knowledge and experience. They are passionate about teaching and are always willing to go the extra mile to ensure that students understand the subject matter. They are innovative and use a variety of teaching methods and technologies to make learning engaging and interactive. The college recognizes the importance of having a strong faculty and invests in professional development opportunities to ensure that the faculty stays current with the latest research and trends in their fields.

STUDENT CLUB ACTIVITIES

CEC recognizes the importance of a well-rounded education and provides ample opportunities for students to pursue their interests and hobbies outside the classroom. To facilitate this, the college has established a diverse range of student clubs. For students with a passion for technology, there are several technical clubs such as the coding club, design club, technovation club, and geek hub. In addition to technical clubs, there are also non-technical clubs catering to various interests. The media and publications club, industry connect/entrepreneurship club, fine arts club, educational social responsibilities club, sports club, adventure club, and gavel club all fall under this category. These clubs not only offer students a chance to pursue their passions but also foster a sense of community and camaraderie on campus.
